Durham SO	Forsythe SO	Mooresville PD	Statesville PD		

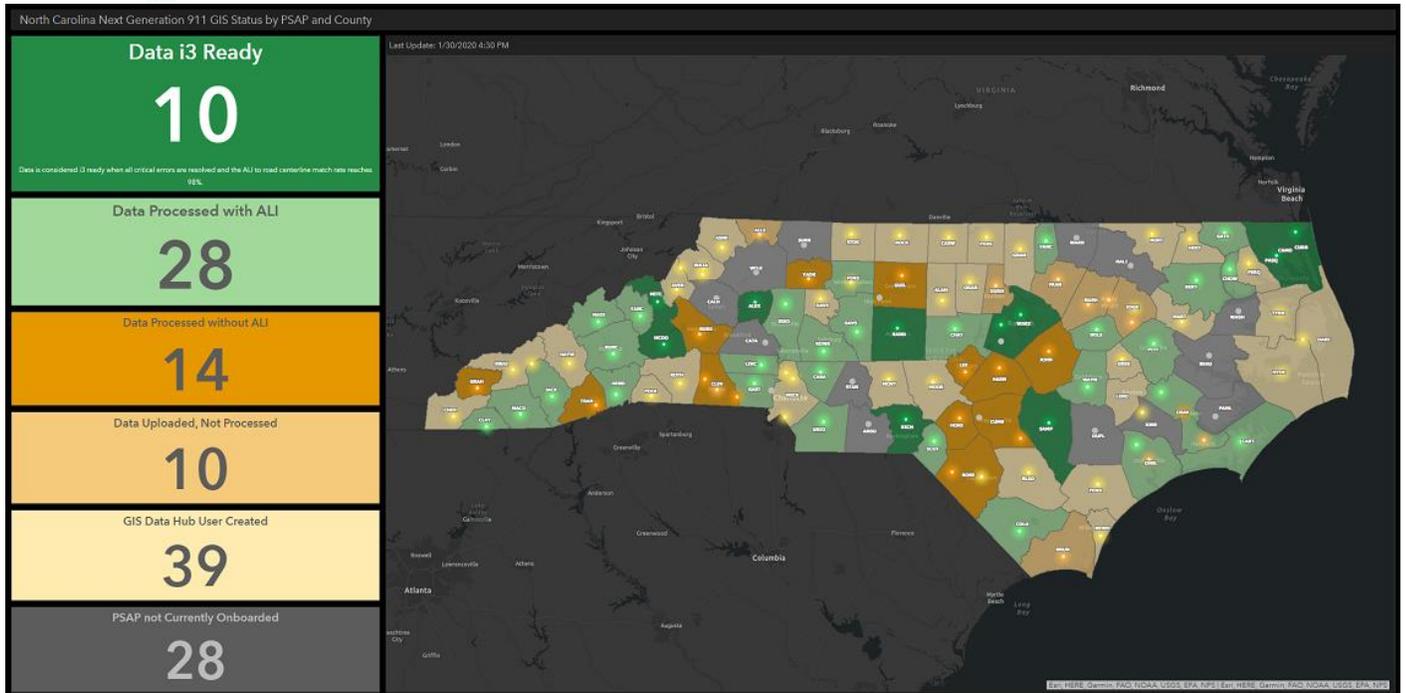

Deployment Type	Totals
ESINet Only	30
Hosted Viper	45
Hosted Vesta	48
TBD	4
Grand Total	127
CenturyLink Sites	44
AT&T Sites	32
Frontier Sites	12
A911	30
Other	4

- Active projects: The COVID 19 delay will have a profound impact on the schedule and the scope of the impact is not fully known at this time. It is certain however, that achieving the Board's goal of 60 PSAP migrations in 2020 will be difficult.
- [NC NG911 Deployment Map](#) .

GIS Update

- Virtual meetings only for regional and county specific outreach sessions
- GIS work is active during the project delay

[NC Next Generation 911 GIS Services webpage](#)

- Above link provides access to full range of GIS support tools and project tracking

NMAC

Fully operational

- DIT hosted server infrastructure and Solarwinds software going into production.
- Dynamics CRM integration complete and CRM picketing system is live and PSAP database entry is complete

Cyber Security

Project status

- PO issued to End-to-End Computing, Inc
- Kickoff meeting held on April 1, 2010.
- Virtual work activity begins for project alignment with ESINet deployment

“mobile ESINet” Proposal and discussion

- Discussion on policy perspectives regarding the impact of remote access to the ESINet/HCH infrastructure: Review of the Remote Network access for the ESINet/HCH document

- General discussion
- Consensus view on Options A & B
 - Applications potential
 - Security
- Budgetary impact of Options A & B
- Plan for going forward
