Scope

The Department of Information Technology created this Statewide IT Contract to provide IT Infrastructure Solutions for purchase, with options for support, to Agencies within the State of North Carolina. The scope of the 204X Statewide IT Contract is defined in Table 1:

| Segment | Segment Description |
|---|---|
| Servers | Physical servers, including rack-mounted, blades, and tower models, virtual servers, and related emerging technologies |
| Storage | Enterprise mass storage components, purchased as standalone units or as part of a storage system containing several unique items, and related emerging technologies |
| Networking Equipment | Physical devices which are required for communication and interaction between devices on a computer network, and related emerging technologies (e.g., L1-L7 networking devices: repeaters, extenders, optical, switches, routers, firewalls, gateways, and IP Telephony) |
| IT Infrastructure Software | Software used in the operation, maintenance, or management of IT Infrastructure Solutions within the scope of this contract (e.g., IT hardware management software, software defined storage, network modeling software, performance monitoring software) |
| Converged IT Infrastructure Solutions | Includes pre-engineered converged and hyper-converged enterprise infrastructure solutions that integrate one or more IT infrastructure elements (e.g., servers, storage, networking equipment, virtualization, management software) and related emerging technologies |
| IT Infrastructure Peripheral Components | Peripherals (e.g., memory, hard drives, racks, additional processors, cables) must be able to attach to, work with, and be supported by the IT Infrastructure Solutions and the architecture described elsewhere herein. Peripherals must be present with the general offerings of the manufacturer, and as such, normally available from the manufacturer represented. Peripheral Options (procured by themselves) may be purchased under this contract in amounts up to \$25,000 . |
| Value Added Services | NOTE: The 204X contract is not a Services only contract. Any Value Added Services must be related to or in conjunction with hardware or software purchases made under this contract For Value Added Services, Vendor and Agency shall develop a mutually agreed upon written Statement of Work subject to the terms and conditions of this contract to describe in detail the Value Added Services being provided by the Vendor to the Agency and the specific pricing for these Value Added Services. Value Added Services related to IT Infrastructure Solutions include roadmap planning, site assessments, design, configuration, manufacturing (e.g., assembly, configuration), installation, implementation, training, move / add / changes, hard drive retention, end of life disposal / recycling, and support and maintenance, including extended maintenance renewals for hardware and associated software, middleware, and firmware. |

Table 1: Scope of 204X Statewide IT Contract

The contract shall be a Statewide IT **CONVENIENCE** Contract for the use of Executive State Agencies and non-Executive State Agencies as permitted by law. This is not a mandatory IT Statewide Term Contract. Non-Executive State Agencies include the North Carolina University System and its member campuses, Instructional components of the Department of Public Instruction, Instructional components of the North Carolina Community College System, as well as local (municipal and county) governments.

There is no minimum order size or spending limit on this contract.

PLEASE NOTE: Any State Agency that will be using a 204X Vendor Solution, which is Cloud-Based or Software as a Service (SaaS), must submit a request to the State CIO for a hosting exception via the Exception Process located at the following link: <https://it.nc.gov/documents/exception-resources>

Abnormal Quantities Threshold

Any request that exceeds **\$250,000** must be reviewed and approved by the Statewide IT Procurement Office before a Purchase Order can be issued.

For NC eProcurement Users, the system will automatically add the appropriate NCDIT Approvers and the Statewide IT Procurement Office to your Approval Flow.

For Non-NC eProcurement Users, you must email your request (including the Vendor quote and your documentation) to the following address:

To: Submit2.StatewideIT@its.nc.gov

(Please include "Abnormal Quantity Request STC 204X" in the subject line of the email.)

The Statewide IT Procurement Office, in consultation with the procuring Agency, may process the request in one or more of the following ways:

1. Purchase may be authorized at current pricing with current Vendor(s)
2. Additional discounts from current pricing level may be negotiated with current vendor(s) or approved resellers
3. A separate Invitation for Bids may be issued for the requirement

NOTE: Effective June 10, 2021 – Per the Enterprise Security and Risk Management Office ("ESRMO"), State Agencies must submit a **Vendor Readiness Assessment Report ("VRAR")** for any State hosted or Cloud hosted vendor solutions.

The VRAR is required for the **initial request to purchase** any State hosted or Cloud hosted vendors solutions. A VRAR is not required for renewals of existing State hosted or Cloud hosted vendors solutions. The VRAR must be reviewed and approved by the Enterprise Security and Risk Management Office (“ESRMO”).

- If the request exceeds the Abnormal Quantity Threshold of the 204X contract, then State Agencies may submit the VRAR to the Statewide IT Procurement Office along with their Abnormal Quantity Request.
- If the request is below the Abnormal Quantity Threshold of the 204X contract, then State Agencies should submit the request directly to the ESRMO (ESRMO.Security.Reviews@nc.gov) for review and approval.

The VRAR is available at the following link: <https://it.nc.gov/documents/vendor-readiness-assessment-report>.

Table 2: Awarded Vendors' Address and Assigned Contact Information

Pricing

Awarded Vendors provided a minimum discount off MSRP / List Prices for awarded Manufacturers in awarded Segments. Agencies should review all quotes to ensure that discounts provided off MSRP / List Prices are equal to or greater than minimum discounts found in Table 3 for applicable Segment. Some Vendors provided different minimum discount percentages for hardware (HW), software (SW) and extended warranties (EW), which are noted in Table 3.

Please Note: Some Vendors did have product line specific exceptions to the minimum discount percentages. Certain Vendor product lines may have a lower minimum discount off list. Contact the Contract Administrator if you need additional information on these product line specific exceptions.

Table 3: Awarded Vendors' Minimum Discount Percentages Off MSRP / List Price by Segment

NOTE: Vendors may offer higher discounts at any time during the contract. Some Vendors may offer more favorable discounts for Academic / Education entities. **Purchasing entities are encouraged to request from Vendors more favorable pricing for larger purchases.**

Service Level Agreements

DIT has included specific Service Level Agreements (SLAs) in this contract to manage the Vendors' performance (see Table 4).

| SLA Name | SLA Description | Minimum Threshold |
|---------------|--|-------------------|
| Delivery Time | <p>Delivery Time is the number of calendar days between Vendor's receipt of a valid request for IT Infrastructure Solutions and the date the IT Infrastructure Solutions are delivered.</p> <p>Vendor shall process Agency purchase order and deliver ordered IT Infrastructure Solutions within thirty (30) calendar days.</p> <p>Agency requested delivery dates that are past the established minimum threshold are excluded from this Service Level Agreement. Orders for Converged IT Infrastructure Solutions or complex, highly configured IT Infrastructure Solutions are excluded from this Service Level Agreement. Delays in delivery due to industry-wide component shortages or region-wide transportation delays that are submitted in writing to the Agency with supporting documentation are not included in the calculation of this Service Level Agreement.</p> | 95% |

| SLA Name | SLA Description | Minimum Threshold |
|------------------|--|-------------------|
| Quote Time | Quote Time is the number of calendar days between Vendor's receipt of a request for quote on IT Infrastructure Solutions and the date the written quote is delivered to the Agency. Vendor shall process Agency requests for quotes for IT Infrastructure Solutions within five (5) business days for items in the Servers, Storage, Networking Equipment, IT Infrastructure Software, and IT Infrastructure Peripheral Components Segments. Vendor shall process Agency requests for quotes for IT Infrastructure Solutions within ten (10) business days for items in the Converged IT Infrastructure Solutions and Value-Added Services Segments. | 95% |
| Order Accuracy | Order Accuracy is the degree that Vendor delivers items to the Agency that match what is on the Purchase Order and that an accurate packing slip is included in the shipment. If a single item received does not match the item that was listed on the Purchase Order, or an accurate packing slip is not included in the shipment, then the delivery is considered to be inaccurate for purposes of measuring this Service Level Agreement. Agency shall notify Vendor in writing (e.g., email) of any order accuracy issues. | 98% |
| Invoice Accuracy | Vendor shall issue invoices that match the Agency Purchase Order issued to the Vendor and the Vendor's quote. | 98% |

Table 4: Service Level Agreement Minimum Thresholds

Agencies should notify the DIT Contract Administrator if Vendor's performance falls below the minimum thresholds specified in Table 4 for any one-month period.

Return of Merchandise

Return policies vary by Vendor. Agencies should review Vendor's return policy prior to ordering as some Vendors do not accept stock balance returns unless due to Vendor error.

See Table 5 for specific return policy by Manufacturer.

Taxes

The State of North Carolina is exempt from Federal excise taxes and no payment will be made for any personal property taxes levied on the Vendor or for any taxes levied on employee wages. Agencies of the State may have additional exemptions or exclusions for federal or state taxes. Evidence of such additional exemptions or exclusions may be provided to Vendor by Agencies, as applicable, during the term of this contract. Applicable State or local sales taxes shall be invoiced as a separate item

Transportation Charges

Transportation of Deliverables shall be **FOB Destination**; unless otherwise specified in the solicitation document or purchase order. Freight, handling, hazardous material charges, and distribution and installation charges shall be included in the total price of each item. Any additional charges shall not be honored for payment unless authorized in writing by the Purchasing State Agency. In cases where parties, other than the Vendor ship materials against this order, the shipper must be instructed to show the purchase order number on all packages and shipping manifests to ensure proper identification and payment of invoices. A complete packing list must accompany each shipment.
