SCOPE

1. The Department of Information Technology created this statewide term contract to provide a list of qualified Vendors for Agencies across the State to purchase microcomputers, associated peripherals, and value-added services, with options to purchase additional maintenance and support. This contract is limited to microcomputers that operate Microsoft Windows, Chrome, and Android operating systems. Vendors shall only offer Agencies items listed in Table 1 under this contract. NCDIT Contract Administrator may remove a Vendor from this contract, if this Vendor offers Agencies, under this contract, items that are not listed in Table 1.

2. The 204A Statewide Term Contract is limited to items listed in Table 1:

<table>
<thead>
<tr>
<th>Microcomputer Segment</th>
<th>Segment Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Desktop Units</td>
<td>Traditional Personal Computers, Fixed Workstations, “All-in-Ones”, and Thin Clients with a conventional chassis, tower, mini-tower, or small form factor case</td>
</tr>
<tr>
<td>Portable Units</td>
<td>Laptops, Notebooks, Chromebooks, Ultra-Portable, Mobile Workstations, and other easily transportable devices with fixed displays and keyboards</td>
</tr>
<tr>
<td>2-in-1 Units</td>
<td>Device that can function in a traditional ‘clam-shell’ laptop configuration or as a light weight, touch screen tablet through a conversion using an integrated or detachable keyboard and mouse/trackpad</td>
</tr>
<tr>
<td>Tablet Units</td>
<td>Extremely portable solid state computing devices primarily characterized by a single touch screen input mechanism; may or may not include an attachable keyboard</td>
</tr>
</tbody>
</table>
Table 1: Scope of 204A Statewide Term Contract for microcomputers, associated peripherals, and value added services

<table>
<thead>
<tr>
<th>Microcomputer Segment</th>
<th>Segment Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Peripheral Components</td>
<td>Peripherals must be able to attach to, work with, and be supported by, the Desktop Units, the Portable Units, the 2-in-1 Units, the Tablet Units, and the architecture described elsewhere herein. Peripherals must be present with the general offerings of the manufacturer, and as such, normally available from the manufacturer represented. Peripherals considered within the scope of this contract are monitors, input devices (keyboards, mice), docking stations, memory, hard drives, laptop cases, etc. Peripheral Options (procured by themselves) may be purchased under this contract in amounts up to $25,000. It is not mandatory to use this contract for peripheral only purchases.</td>
</tr>
<tr>
<td>Value-Added Services</td>
<td>Mandatory Value-Added Services related to Microcomputers that Vendor shall provide are Basic Imaging, Asset Tagging, and Basic Installation. Vendor may provide additional Value Added Services as options, which may include but are not limited to, managed logistics / staggered delivery, bulk packaging, move / add / change services, data migration services, end user training, and end of life disposal / recycling services. For optional Value Added Services, Vendor and Agency shall develop a mutually agreed upon written Statement of Work subject to the terms and conditions of this contract to describe in detail that Value Added Services being provided by the Vendor to the Agency and the specific pricing for these Value Added Services.</td>
</tr>
</tbody>
</table>

3. This contract **does not include** the following products:
   - Mobile Ruggedized Computers (see IT Statewide Term Contract 204B)
   - Server Units – Rack-mounted, blades and tower models (see IT Statewide Term Contract 204S)
   - Itanium, SPARC, or Power Series (aka UNIX) Workstations/Servers and Peripheral Components (see IT Statewide Term Contract 204C)
   - Smartphones, handhelds, and other portable client devices that require cellular broadband services to provide intended functionality
   - Printers and Printer Peripheral Components (see IT Statewide Term Contract 204D)
   - Digital Cameras
   - Hubs, Routers and Switches
   - Uninterruptible Power Systems (UPS) and Surge Protectors
   - Projectors
   - Software (other than OEM version of operating system and system drivers and tools)

This contract is a **MANDATORY** Statewide Term Contract, with approved exceptions, for the use of **Executive Branch State Agencies**. For non-Executive Branch State Agencies this is a Convenience Contract, available, but not mandatory to those entities permitted by law to use this contract. Such entities presently include the North Carolina University System and its member campuses, instructional components of the Department of Public Instruction, instructional components of the North Carolina Community College System, and local (municipal and county) governments.

Agencies with the need to acquire services related not covered by this contract are required to follow the State of North Carolina IT procurement rules, consistent with 09 N.C.A.C. 06 A& B and established procedures of the Department of Information Technology (DIT).
**VOLUME PURCHASING INITIATIVE**

The State’s Volume Purchasing Initiative for microcomputers and related peripherals is provided under this Statewide Term Contract. Please visit DIT’s [Bulk Purchasing page](#) for more information about this cost-saving program.

**VENDOR CONTACT INFORMATION**

Table 2 contains the awarded Vendors' Ordering Address and Contact information. Orders shall be issued directly to the respective Vendor. To address service or pricing questions, please contact the Vendors listed below.

**Table 3: Minimum Discount % Off MSRP**

Vendor may provide more favorable terms to the State for these items at any time during the contract.

If, during the life of this contract, a Manufacturer directly offers any special price incentives beyond what Vendors agreed to provide under this Statewide Term Contract, whether temporary or permanent, then the Vendors must make such special pricing available to all Agencies eligible to purchase from the contract.
ABNORMAL QUANTITY

Any requirement that exceeds $75,000 must be forwarded to the Statewide IT Procurement Office for approval. NC e-Procurement users should add “DIT Contracting Team 4” to the approval flow of the requisition. Agencies who do not use NC e-Procurement should email their request (including Agency requisition and vendor quote) to the following address:

To: submit2.StatewideIT@its.nc.gov
(Please include “Abnormal Quantity Request STC 204A” in the subject line of the email).

The Statewide IT Procurement Office, in consultation with the procuring Agency, may process the request in one or more of the following ways:

1. Purchase may be authorized at current pricing with current Vendor(s)
2. Additional discounts from current pricing level may be negotiated with current vendor(s) or approved resellers
3. A separate Invitation for Bids may be issued for the requirement
4. The request may be included in the next scheduled Volume Purchasing Initiative

TRANSPORTATION CHARGES

Transportation shall be FOB Destination, unless otherwise specified in the solicitation document or purchase order. Freight, handling, charges for pallets, charges for special shipping requirements and distribution charges shall be included in the total price of each item. Any additional charges included on the invoice shall not be honored for payment, unless authorized by change order by the Agency. In cases where parties other than the Vendor ship materials against this order, the shipper shall be instructed to show the purchase order number on all packages and shipping manifests to ensure proper identification and payment of invoices. Complete packing lists shall accompany each shipment.

DELIVERY

Vendor will complete delivery within twenty-one (21) consecutive calendar days after receipt of a Purchase Order.

RETURN OF MERCHANDISE

A Microcomputer device or related peripheral that is not performing per the specification in this IFB may be returned to the Vendor without penalty if a resolution is not achieved within thirty (30) calendar days at no additional cost to the State. Vendor shall not charge any restocking fee for unopened Microcomputer devices or related peripherals that are returned within thirty (30) calendar days of delivery date.

WARRANTY

The Vendors warrant that all equipment furnished under this contract will be new, of good material and workmanship. The warranty will be for a minimum period of twelve (12) months from date equipment is put into operation. Such replacement shall include all parts, labor, and transportation cost to the location where equipment is down, free of any charge to the owner or his representative.

EXTENDED WARRANTIES/SERVICE OPTIONS

Extended and/or Upgraded warranty service options to include quicker resolution of hardware problems, after hour support, etc. may be offered. Contact Vendor for Extended/Upgraded Warranty information on specific computer models.
ENVIRONMENTAL PROGRAMS

All Desktops, Portable Units, and Monitors offered under this contract shall meet or exceed the EPA Energy Star Requirements and shall meet or exceed the EPEAT Silver requirements.

TAXES

The State of North Carolina is exempt from Federal excise taxes and no payment will be made for any personal property taxes levied on the Vendor or for any taxes levied on employee wages. Agencies of the State may have additional exemptions or exclusions for federal or state taxes. Evidence of such additional exemptions or exclusions may be provided to Vendor by Agencies, as applicable, during the term of this contract. Applicable State or local sales taxes shall be invoiced as a separate item.

VALUE ADDED SERVICES

Contract related value added services may be provided by the Vendors. Value added services may be, but are not limited to, training, installation, asset tagging or imaging. These additional services will be negotiated by the Agency with the contract holder in accordance with IT Policies and Procedures. The Agency is responsible for reviewing and amending if necessary the scope of work prior to order placement.

Table 4 contains a list of maximum pricing for certain Value Added Services offered by the Vendors. Agencies may negotiate lower pricing with the Vendors depending upon the size and scope of the services needed for a specific procurement.
